

# **ABOUT WYATT'S MUSICAL AMERICANA**

## **History**

Musical Americana has been in the business of selling and servicing antique phonographs for more than 50 years. Until his retirement in 1975, the company was owned and operated by Thomas Pollard of Soquel, California. At that time the entire business was purchased by Bob Fulwider and Dale Hoyt, and the name was changed to Musical Americana. In 1978 Dale Hoyt retired from the business and it was owned solely by Bob Fulwider until his death in early 1990. Dwayne and Donna Wyatt purchased the company July of 1990 and changed the name to Wyatt's Musical Americana.

Over the years, we have been able to accumulate thousands of complete and incomplete phonographs. Most of these are dismantled, which enables us to furnish almost any needed part. We also reproduce many hard-to-find parts to further accommodate our customers. As we are accumulating and selling parts, some parts listed in this catalog may be temporarily out of stock.

## **Parts Not Listed in This Catalog**

Because of our vast inventory, it is impossible to list all our in-stock parts in this catalog. If you do not see what you need, contact us. We probably have it.

## **Parts Not Stocked**

If you need a special or very rare part that we do not stock, we can possibly manufacture it for you. Our establishment is equipped with a complete machine shop.

## **Repairs**

We repair all types of crank phonographs, and all repair work is guaranteed. If you send us your phonograph or part that is in need of repair, it will be promptly examined and an estimate will be sent for your approval, if requested.

## **Shipping (Min. \$4.50)**

We have found that U.P.S. is the best way to ship, so please furnish us with your complete address when ordering. Add postage to the price listed, and any excess will be refunded. Shipping and handling is shipping fee, plus boxes and a small fee for packing. The minimum price to ship any item is \$4.50.

## **Shipment Time**

All parts will be shipped as soon as possible. If we are temporarily out of stock on an item, the balance of the order will be shipped and a credit voucher for the out-of-stock item(s) will be issued and sent with your order with approximate date of restock of item(s). If restock of the item is expected soon, a backorder will be made for this or these items.

## **Shipping Instructions**

When shipping machines or parts for repair, please follow these guidelines:

- 1) With machines, do not include crank, cabinets, or wooden cabinet parts, cranes, horns, back brackets, tone arms, or other unnecessary parts;
- 2) Do include all parts you have for motor or top works and only what is needed for repairs;
- 3) Pack in carton or make wooden shipping crate ( for larger machines) and bolt down to crate. Use plenty of packing (wadded paper packed tightly is very good);
- 4) Insure for estimated value, just in case;
- 5) Include a List of items sent and work you wish done.

## **Payment**

We accept **Visa** and **Master Card**, money order or your personal check will also be accepted, with a slight delay to clear the bank. We also accept your unwanted parts in trade for parts or repairs. Orders from foreign countries must be paid by money order in USD or Charge cards. We honor Visa and Master Card.

## **Refunds**

We want you to be completely satisfied with our parts. If you are not satisfied, return them within 10 days for a Full refund, less shipping. Parts returned after 10 days subject to a 10% charge.

## **Part Numbers**

Some part numbers listed are generic to a particular part (i.e. Columbia A-201 speed control and plunger comes in three sizes), so all information you can provide (pictures, measurements, or sending old part), will be helpful. List model numbers.

## **Parts to Sell/Trade**

Contact us for more information.

Prices are subject to change without notice.

**We will be closed annually two weeks in June and two weeks over Christmas holidays.**
